experience

- | | | |
|-----------|---|---------------|
| 2020 | Gradfolio Theme | Demo |
| | Responsive, dark-mode ready Jekyll theme made for academia, open source | |
| 2019 | phasefield.wtf | Website |
| | Showcase of phasefield simulations | |
| 2018 | metalschool.org | Website |
| | GitHub hosted, rendered from Markdown using Jekyll | |
| 2016 | Getting Hired! | YouTube |
| | Skill training videos, Campus Placements & First-Job Prep | |
| 2013-2015 | NIFFT bakLOL | Facebook Page |
| | Technically a Webcomic, but more like my attempt to write funny stuff along with a few batchmates | |
| 2013-2014 | Facebook Promotion Campaign, Newsletters | |
| | Contests, Online Events and Promotion for NIFFT's techno-cultural fests. Started an alumni newsletter | |
| 2011-2014 | Various websites for NIFFT Clubs/Activities | |
| | These were a set of websites I made while learning HTML, CSS, JavaScript. These also introduced me to the backend side of things, CMS and tools used for web development used at the time | |

skillset

Code : MATLAB, Python, \LaTeX , R, C++, HTML, CSS, JavaScript

Software : Camtasia Studio, Audacity, Adobe Photoshop, GIMP

Web Technologies : Wordpress, Joomla, Bootstrap
